

Ian Lane Derrick

3423 N Centerpoint Way • Meridian, ID • me@ianderrick.com • Cell: (509) 731-4512

Objective:

I am a self-directed, goal-oriented, team worker who is seeking a position that will provide me with an opportunity to utilize my networking skills and work background.

Certifications:

CompTIA A+ - *Computing Technology Industry Association*

CompTIA Network+ - *Computing Technology Industry Association*

CompTIA Security+ - *Computing Technology Industry Association*

Education:

B.A. - Liberal Arts
Evergreen State College
Olympia, WA (2007)

Experience:

Systems Engineer
Meridian, ID

February 2013 to Present
Idaho Distance Education Academy
Gem Prep: Online

Duties performed: Coordinating the implementation, maintenance, and troubleshooting of network hardware and operating systems across multiple sites in Idaho. Analyze the network performance along with physical checks regularly in order to maintain, upgrade, or replace hardware as needed. In addition, my role provides tier three support to end users as necessary while also supervising and delegating issues for on site tech support roles. This position requires me to be flexible and fill other roles when needed to support the school and insure success for teachers, faculty, and students.

Substitute Teacher
Easton, WA

March 2010 to January 2012
Easton School District

Duties performed: Follow the curriculum as provided by the absent teacher, assign homework, and oversee attendance. Provide guidelines to students, grade assignments as necessary, and keep track of their progress.

English As a Second Language Teacher

Pusan, South Korea

January 2009 to January 2010

Buk Gu Hogwon Academy

Duties performed: Teaching English to Grade 3 through 12 students in self designed curriculum including a special night class for first year university students.

Volunteer Work:

Easton-Thorp High School Football Assistant Coach (2006 - 2007)

Easton High School Volleyball Assistant Coach (2004 - 2005)
